## Social Impact - Unique HUB Zone Program

We are deeply committed to not only complying with HUB Zone requirements but also fulfilling the vision of the HUB Zone Program. Every client engagement contributes to our community by providing education, career development and employment opportunities. **For every 2 employees focused on government engagements, we provide a high school senior from a disadvantaged community with a monthly stipend, we pay for their community college classes and mentor them as they work on a pro-bono consulting assignment for a non-profit organization.** Our only requirement of them is that they earn a high GPA and dedicate themselves to getting into a 4-year college. Our approach requires commitment from our staff but we strongly believe that companies can do more to help their communities. We want to lead by example!
